Re: Your ref 209224 FD:BJ

Good morning Mr Jackson,

I refer once again to your letter of the 6th October and my subsequent reply to it dated the 13th October.

I'm confident that good manners and public policy would dictate that my letter is not simply being ignored, so I assume then that it remains under consideration.

Would you please indicate, by return, when I might at least expect a preliminary response to my letter of the 13th October.

Yours sincerely,
