

12th May 2011

Mr Barry O'Farrell, MP
Premier
Level 40 Governor Macquarie Tower
1 Farrer Place
SYDNEY NSW 2000

Good morning Mr O'Farrell,

I understand that previous correspondence to you on this subject is not available to you.

Please find attached the following:

- A letter written to Ms Keneally as Premier. This letter provides the background to the various issues that I feel should be addressed.
- A subsequent letter written to the Prime Minister. Although as yet unanswered I am assured by Mr Craig Thomson, my local Federal Member, that the issue is receiving consideration at a number of levels.
- Previous correspondence to yourself and your reply.
- Previous responses from the Keneally government.

I mention in my letter to Ms Gillard the number of, frankly, intellectually insulting responses I have received from various government departments and regulatory bodies. I have not included any of these here with the exception of those written on behalf of the previous State government. They are representative of the level of thought that has been exerted to date on what I consider to be reasonable, lucid and well founded observations and questions made by me.

If you see fit I will forward all the various correspondence I have received.

I look forward to receiving your reply in due course.

Yours sincerely,
