Good morning,

I have been urged to write to you by Warwick Marshall. Mr Marshall works for the Tasmanian Law Reform Institute and has authored the Institute's Male Circumcision Issues Paper.

After reading his paper, I contacted Mr Marshall and asked him for any assistance he thought he could offer me.

Within the limits of his legal ability, he provided me with a number of organisations that he thought might take an interest in the unfair and deplorable situation my son, and potentially every other male infant in NSW, is in.

Please find attached various attachments, all of which are self explanatory.

The Health Care Complaints Commission has since responded to me, saying that "consent was granted – case closed".

I would be grateful for any advice or suggestions you could make to me if you are of a mind.

Sincerely,
