Thank you for following up on your correspondence regarding infant male circumcision.

As indicated in November 2010, we have forwarded your letter to the Prime Minister for consideration as requested. As you would be aware, this is a complex issue and the Prime Minister faces a great multitude of issues at any one time. I will contact the Prime Minister's office to repeat my request for a response.

Thank you for your concern.

Yours sincerely,

Craig Thomson MP
