

The Royal Australasian  
College of Physicians

4 November 2010

---

Thank you for your letter of 27 September relating to your complaint sent to the NSW Health Care Complaints Commission (HCCC).

Please note that The Royal Australasian College of Physicians (RACP) is not in a position to comment on individual cases as outlined in your correspondence. It appears that you have taken the best course of action by referring the issue to the HCCC.

For your information, the RACP has recently released its updated position statement on circumcision of infant males and this is available at [www.racp.edu.au/page/policy-and-advocacy/paediatrics-and-child-health](http://www.racp.edu.au/page/policy-and-advocacy/paediatrics-and-child-health)

Yours sincerely

Dr Jennifer Alexander
